SPECIFICATIONS

Input Voltage AC220V - 240V

LED Chip SMD4014

CRI >80

Lifespan 50,000 hrs

Dimmable 0-10V Dimm

Warranty. 3 years

Beam Angle 110°

PRODUCT FEATURES

- 0-10v Dimming
- High quality LED light source SMD3014, excellent heat dissipation.
- High quality Isolation constant current driver, stable performance, output voltage is DC30-40V.
- High energy saving.
- Environment-friendly, no UV or IR radiation, no heating effect
